Mrs. Traks noted that the participation rate for Keyport High School students is 54% and 53% for the Keyport Central School. This is a high percentage as compared to many schools which Maschios provides service for. Mrs. Traks explained the derivation of the school lunch rate based on a rate provided by the State. Mrs. Traks addressed the food offered to students in grades 6-8. The issue of purchasing bottled water was raised. Mrs. Traks stated
that a water fountain is required to be near the food service. Offering bottled water is not part of the NJ Department of Agriculture National School Lunch program. Ms. Evelyn King-Cote asked whether first grader students are given the same portions as the eighth grade students.
