Superintendent

May 1, 2019

Happy Spring!

As you are aware, decreasing chronic absenteeism is one of our district goals. As we get closer to ending the 2018-2019 school year, it is important to remember the positive impact that school attendance has on student achievement.

It is hard to believe that students only have 30 days left of school. At Central School, Grade 2 is leading with an overall attendance rate of 96.9%. At Keyport High School, the ____ class is leading the school with an overall attendance rate of ____%. Please follow us on Twitter @KeyportSchools using the hashtag of #keyportattendance30days to retweet our daily messages to support a strong 30-day finish.

I wanted to take an opportunity before the closing of school to thank all of our families for stressing with your children the importance of attending school every day on time. This will have a huge impact on students' academic success starting in preschool and continuing through high school. Even as children grow older and more independent, families play a key role in making sure students get to school safely every day and understand why attendance is so important for success in school and in life. Thank you again!

Sincerely,

Lisa M. Savoia, Ed.D.
Superintendent
