*Superintendent*

April 18, 2019

Dear Parent/Guardian,

As you may know, our district is currently a part of the School Climate Transformation Project (SCTP). The SCTP is a three-year initiative that involves the use of data to better understand school climate and how it feels to be a member of our school community. This spring, all staff members, students, and parents will take the New Jersey School Climate Survey (NJSCS) to help us learn more about our school's climate from all points of view. Your voice is important to us, and your opinions will help us make improvements in our schools.

The survey linked below is anonymous, and it is voluntary. The results will be used by the School Safety/School Climate Team to create a School Climate Improvement Plan (SCIP). Activities and strategies will be offered throughout the coming school year as part of this plan to improve the areas of need that are identified in the survey.

This year's survey will be available from April 18, 2019 to June 1, 2019. Please help us by taking this survey online at home at your convenience. There will also be opportunities for you to fill out the online survey on campus. Chromebooks will be available at our Community Resource Academy from 6-8 p.m. on May 30<sup>th</sup>

Please carefully select either **Central School or Keyport High School**. If you have a child in both buildings, it would be appreciated if you could fill out a survey for your child at Central School and complete a second survey for your child at KHS. The links and passwords are listed below.

I know that this a busy and exciting time of the year and I thank you in advance for taking the time to complete both surveys. Your input is valuable to us as members of our school community. If you have any questions, please contact me at 732-212-6100 ext. 1000. We appreciate your ongoing support and look forward to working together to create the most supportive and engaging learning environment for your child.

Sincerely,

Lisa M. Savoia, Ed.D.  
Superintendent

Learners Today . . . Leaders Tomorrow
