Dear Community Member,

Keyport Public Schools is committed to providing our students with the skills necessary to be competitive in the 21st Century workforce. To that end, we are reaching out to the greater Keyport Community to build a database of employers and/or organizations that would be interested in hosting students for authentic learning experiences. Authentic learning can come in the form of short job shadowing experiences or semester long internships.

In addition, we are preparing for our second annual Middle School Career Fair at Keyport Central School. We would like to extend an invitation to participate in this wonderful event in the Spring. Please consider filling out this short interest survey to aid us in building this community database.
