

5516 USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECRD)

The Board of Education believes pupils and/or school staff members should not be subject to having a video or audio recording taken of any pupil(s) or school staff member(s) for any purpose without the consent of the pupil, the pupil's parent or guardian, and/or the school staff member. In addition to protecting the privacy rights of pupils and school staff members, the Board recognizes such recordings can be disruptive to the educational program. In addition, inappropriate recordings of educational material, pupil assessment instruments, and/or pupil assessment reviews can be used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other pupils. Therefore, the Board of Education adopts this Policy regarding pupil use of electronic communication and recording devices.

"Electronic communication and recording device (ECRD)" includes any device with the capability to audio or video record or is capable of receiving or transmitting any type of communication between persons. An ECRD includes, but is not limited to, cameras, cellular and wireless telephones, pagers/beepers, laptop computers, electronic readers, personal digital assistants (PDAs), two-way radios, portable fax machines, video broadcasting devices, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information.

A pupil is not permitted to bring, possess, or use an ECRD on school grounds at any time, regardless of whether school is in session or not.

For the purposes of this policy, "school grounds" means and includes land, portions of land, structures, buildings, and structures that support these buildings, including, but not limited to, administrative buildings, kitchens, maintenance shops, and garages. "School grounds" also includes other facilities as defined in N.J.A.C. 6A:26-1.2, playgrounds, and other recreational places owned by the local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

An ECRD used in violation of this Policy will be confiscated by a school staff member or Principal or designee and the pupil will be subject to appropriate disciplinary action.

A pupil shall not bring or possess any remotely activated paging device on any school grounds, including on a school bus or at a school-sponsored function during school hours or other persons are present without the express written permission of the Principal. The pupil must submit a

written request and establish to the satisfaction of the Principal a reasonable basis for the possession of the device. The written request must include the purpose for the pupil possessing and/or bringing the device on school property and the date or dates in which the pupil requests to possess and/or bring the device on school property. The written request must also include the date in which the pupil will no longer need to bring and/or possess the device on school property.

Principal, upon reviewing the request from the pupil, will make a determination. The determination will be in writing and if approved, written permission for the pupil to bring and/or possess a remotely activating paging device will be provided to the pupil. Permission will only be provided for a specific number of week(s).

The pupil must submit a new request if the time in which permission is given to bring and/or possess a device expires. The pupil that is granted permission to possess and/or bring the device must be in the possession of the device at all times. The Principal or designee shall immediately notify the Superintendent of Schools and the appropriate criminal justice or juvenile justice agency if a pupil brings or possesses a remotely activated paging device in violation of N.J.A.C. 6A:16-5.8 and this Policy.

A pupil who is an active member in good standing of a volunteer fire company, first aid, ambulance or rescue squad may bring or possess a remotely activated paging device on school property only if the pupil is required to respond to an emergency and the pupil provides a statement to the Principal from the chief executive officer of the volunteer fire company, first aid, ambulance or rescue squad authorizing the possession of the device by the pupil at all times and that the pupil is required to respond to an emergency.

The Principal or designee will confiscate the remotely activated paging device, take appropriate disciplinary action and shall immediately notify the Superintendent of Schools and the appropriate criminal justice or juvenile justice agency if a pupil brings or possesses a remotely activated paging device in violation of N.J.A.C. 6A:16-5.8 and this Policy.
