Graduation Issue

Valedictorian
Christiana Snyder

How do you feel about this great achievement?

-I am thrilled and humbly honored to be recognized as the Valedictorian for the Class of 2017. This is the greatest achievement of my life thus far, and has shown me that I am capable of so much more than I initially thought.

Was this a goal for you? Or did this all come just naturally?

-This was a goal for me since freshman year. Many people disregard freshman year as “unimportant”, but I took this year to make a strong foundation that I would be able to build upon. Many people will say, “she’s naturally smart”, but I disagree with this statement. In order to reach my goal of becoming the valedictorian, I studied for many hours and devoted my time on making sure my academics were in right standing.

Were there any push factors that made you want to work your hardest?

-The biggest push factor in my life, was the thought of accomplishing my goal of becoming the valedictorian that I had set. I am the kind of person to set a goal and follow it through with purposeful action, ensuring that the goal will be reached. Also, when many people see me they think of the shy girl in the back of the class with good grades. I wanted to show those people that I was made of much more than A+'s.

What are you plans after KHS? What about after college? Do you know, or at least have an idea, of what you'd like to major in?

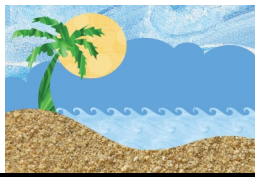

-After Keyport High School, I will be attending the College of New Jersey in the fall of 2017. I will be majoring in nursing, and would like to specialize in pediatric oncology after college. To show children hope and light in the face of death and darkness, is the greatest reward that I could ask for.

What are your hobbies outside of school?

-Outside of school, I am involved in sports such as gymnastics, field hockey, bowling, and track. Aside from sports, I like to journal, read, draw and spend time with my lovely friends and family.

What would you like to say to the KHS students you leave behind as you graduate?

-To my fellow Keyport High School students, do not take your time in high school for granted. Every day is a chance for a new opportunity, so take advantage of every moment you can. Enjoy your youth years, but keep academics as one of your top priorities because education will take you many places in life. Above all, have confidence in yourself and know that anything is possible.
